The Belvedere Golf & Country Club Shantigram Township

Ahmedabad, Gujarat

Exemplifies architectural grace and retired leisure

In bustling urban hubs, the quest for serene spots intensifies, that afford an escape from the daily grind. Clubs, with supporting amenities like pools, green areas, restaurants, and sports facilities, are refreshing retreats where families and friends gather in a healthy, enjoyable ambiance, in the lap of Nature. Amidst the city chaos, clubs offer revitalizing respite, where tranquillity reigns and urban stresses fade.

The Belvedere Club, designed as the nucleus of the 564-acres sprawling Shantigram township, in Ahmedabad city, exemplifies architectural grace and refined leisure, seamlessly merging timeless design, contemporary functionality, and unparalleled comfort. Envisioned as the backdrop of a sprawling golf course, its centrepiece is a massive reflecting pool, epitomizing the essence of

opulence, where grandeur permeates every space, ensuring an atmosphere of unrivalled sophistication.

Seamlessly blending form and function, the club crafts a contemporary aesthetic infused with a rich tapestry of influences. Drawing from Mediterranean inspiration, colonial-style structures embellished with graceful arches and pitched roofs echo the client's vision of harmonizing with the natural allure of the surroundings, while optimizing spatial efficiency and usability. Contemporary elements with vibrant hues adorn the recreational, dining, and children's play areas, injecting vitality into the ambiance. Within the interiors, classic elegance merges with contemporary comfort, showcasing sumptuous tapestries, intricate chandeliers, and decadent materials that evoke an air of opulence.

The club features a processional entrance on a podium level, offering ample parking space below. A vast reflecting pool at the entrance captivates visitors with its serene allure, providing a stunning panorama of the pool area, deck, and the scenic backdrop of the golf course. This expansive blue vista of the watery axis, framed by palm trees, evokes the charm of Venetian canals, and gradually widens to embrace the rear green horizon. Ancillary functions surrounding the pool are connected by lush greenery and sky-light courtyards, ensuring that all spaces either overlook the tranquil pool or the stunning vistas of the golf course, with cozy courtyards providing secluded spots for relaxation. A terrace perched above the main courtyard boasts of an infinity swimming pool, affording uninterrupted views of the lush greens and ample space for poolside lounging and al fresco dining.

The design effortlessly integrates multifunctional areas, juxtaposing serene poolside scenes with lively

sporting facilities to cater to a spectrum of experiences. Whether indulging in leisurely pursuits, engaging in energetic sports, or gathering socially, the clubhouse caters to diverse needs while preserving the unique character of each space. The seamless integration of indoor and outdoor realms infuses the facility with transparency and vitality, invigorating the overall ambiance.

Embracing eco-conscious design principles, the majority of materials are locally sourced, thus curbing carbon emissions and bolstering regional economies. The roof with a dual-layered slab finished with clay tiles, and low-e glass windows, offer exceptional insulation properties that ensure thermal comfort in this city where temperatures regularly soar past 40 degrees. Overhangs and shaded verandas help transition while reducing glare and heat gain. Water and energy efficient systems ensure sustainability of an IGBC-LEED gold rating standard.
